active part in the town elections the first  
Monday in October. Officials of the town  
who have handled such matters as making  
voters seem to be all at sea on  
Wednesday after they had read The  
Bulletin's notice that the state legisla-  
ture had passed a bill authorizing towns  
of less than 15,000 inhabitants to make  
women voters Friday and Saturday of  
this week, without the "to be made lists."  
This will permit those women registering  
to take part in the town election in Oc-  
tober, also in the caucuses when candi-  
dates are nominated for the next general  
assembly.

In statements to a Bulletin representa-  
tive Wednesday night, by various parties  
who should understand this subject, the  
belief prevailed that all that is necessary  
for a woman to do who is desirous of be-  
coming a voter, is to go to the selectmen's  
office in the town building and after  
meeting the requirements of all voters,  
her name will be placed on the lists. This  
plan is the same as followed for a man  
desiring to become a voter, except for

the fact that the work is done immedi-  
ately.  
If this way of making voters is to be  
carried out in the town of Windham it  
means extra help for the selectmen, as  
it is expected some five or six hundred  
women will take advantage of this privi-  
lege and be made.

Several days ago it became known that  
the local post of the American Legion  
had made a request that they be given  
the use of the Montgomery House rooms.  
This letter was sent to the person in  
charge of such affairs. The matter was  
not brought to the attention of the com-  
mon council and at a later date the Ameri-  
can band, through another member of  
the council, asked if the band might  
have the use of the rooms, offering to  
pay for the privilege. The matter was  
referred to the fire committee for in-  
vestigation and report. Finally action was  
taken whereby the members of the Ameri-  
can band might know the decision soon.  
Upon the announcement of this news,  
members of the American Legion felt that  
they had not been given a square deal,  
as their request that had been written  
first had never been considered. Wednes-  
day, a letter signed by a member of the  
American band gave the position of the  
men in the band. The members had vot-  
ed unanimously to withdraw their request  
for use of the rooms in favor of the legi-  
on, at the same time thanking the city  
officials for what they had done on the  
band's behalf. The members of the band  
were of the opinion that all that is neces-  
sary for a woman to do who is desirous of be-  
coming a voter, is to go to the selectmen's  
office in the town building and after  
meeting the requirements of all voters,  
her name will be placed on the lists. This  
plan is the same as followed for a man  
desiring to become a voter, except for

ing stunts together in this section during  
1913-14, are shown in several of their  
hand balancing stunts. Other pictures are  
of McLaughlin showing his great muscu-  
lar development. The latest picture was  
one of Mac dressed in western costume,

## Too Weak to Do Anything

The ordinary every-day life of most women is a ceaseless treadmill  
of work. How much harder the tasks become when some derange-  
ment peculiar to her sex makes every movement painful, and keeps  
the nervous system all unstrung until life seems hardly worth living.  
Every women in this condition should profit by the experience of  
these two women whose letters follow.

### Read the Experience of These Two Women

Reading, Pa.—"I had organic inflam-  
mation, pains in the side and back  
which were so sharp that they pulled  
me to my knees, and I could not walk.  
I had an operation and still I failed, and  
in the eight years I suffered I had four  
doctors and none helped me. My  
mother-in-law advised me to take Lydia  
E. Pinkham's Vegetable Compound. I  
was then in bed, and after the first  
bottle I could be out of bed, then I  
took Vegetable Compound Tablets and  
Lydia E. Pinkham's Blood Medicine and  
also used the Sanative Wash. I still  
take the medicine and am able now to  
do my own housework. My friends say,  
'My! but you look well—what do you  
do? Who is your doctor?' And there  
is only one answer, 'Lydia E. Pink-  
ham's medicines which I gladly recom-  
mend.'"—Mrs. W. M. STEIN, 560 Douglas  
Street, Reading, Pa.

Gainesville, Tex.—"For three years  
I suffered untold agony each month  
with pains in my side. I found only  
temporary relief in doctor's medicine  
or anything else I took until my hus-  
band and I saw an advertisement of  
Lydia E. Pinkham's Vegetable Com-  
pound. I mentioned it to a neighbor  
and she told me she had taken it with  
good results, and advised me to try it.  
I was then in bed part of the time, and  
my doctor said I would have to be op-  
erated on, but we decided to try the Vege-  
table Compound, and I also used Lydia  
E. Pinkham's Sanative Wash. I am a  
dressmaker and am now able to go  
about my work, and do my housework  
besides. You are welcome to use this  
letter as a testimonial as I am always  
glad to speak a word for your medicine."
